The New Fall Styles are here

In Selecting a Suit or Overcoat be Sure Your Clothes Have Lasting Style and Shape Permanence

Poor workmanship or poor materials are visible faults which you can guard against yourself when buying clothes. The greatest enemy of "style" in clothes is the warping of imperfectly shrunk cloth caused by changeable weather.

A suit or overcoat will look well and fit well when you try it on—but after you have worn it in a rainstorm it may pucker, twist and warp.

The trouble is that all woolen goods, as they come from the weavers, will shrink. Ordinary processes fail to take out all this shrinkage, so that the first rainy day takes the stylishness out of the garment.

You can assure yourself of **LASTING STYLE** and **SHAPE PERMANENCE** in your clothes by wearing

HART, SCHAFFNER & MARX

Fine Tailored Clothes for Men and Young Men.

Therefore consider carefully when buying your next suit or overcoat and bear in mind that in style, in fit, in workmanship, and in material our clothes are equal to the best tailor made clothes in the country. Look for the name on the garment. It means lasting style and shape permanence, and what's more, if the goods are not as represented your money will be cheerfully refunded.

Can Negroes Be Jurors?

A question may be raised in the district court at any time during the two weeks criminal session which began today as to the eligibility of the five negroes summoned for jury duty to serve in that capacity. The law requires that all jurors must have the qualifications of electors. This question was raised in the police court at Tulsa Saturday, in the cases of L. H. Harvey, a negro, Baptist preacher and O. E. Crane, another negro. Both were arrested for refus-

al and failure to pay their 1910 poll tax. They pleaded that under the law only qualified electors were liable for the poll tax and that since the adoption of the grandfather clause they were not qualified electors. Police Judge Houston held the pleading good and discharged the prisoners.—Muskogee Times-Democrat.

STANDPATTERS LOSE IN MINNESOTA.

LATE RETURNS INDICATE THE DEFEAT OF TOWNY

St. Paul, Minn., Sept. 20.—Early returns from the primary election held today indicate that Representative James A. Tawney, who represented the First Minnesota District since 1892, has been defeated for the nomination by Sidney Andrews, a progressive. The returns are incomplete, but in nearly all the precincts heard from, Anderson was running far ahead. Tawney's managers stated late tonight that the outlook is discouraging.

Congressman Frank M. Nye is reasonably certain of the nomination in the Fifth District over A. H. Hall, who did not develop the strength expected.

In the Fourth District Congressman Stevens is having a hard fight against H. T. Halbert. With about one-fourth of the vote in, Stevens is running slightly ahead, but only meagre returns have been received from the country, where Halbert is running far in the lead.

Clarence D. Miller was nominated in the Eighth District and Linberg in the Sixth, and Steensoren in the Ninth, Congressman Davis and Volstead have no opposition.

Congressman Hammond, a Democrat, is renominated in the Second District, and his Republican opponent will be A. L. Ward.

Sixty-nine out of 271 precincts give Anderson 3,800 and Tawney 3,200. Anderson claims the nomination by 2,00.

Tawney has gone to bed.

BRYAN CAN'T STAND NOMINEE

REFUSES TO SUPPORT DAHLMAN, DEMOCRATIC NOMINEE FOR GOVERNOR OF NEB.

WILL SUPPORT REST OF THE TICKET

Declares He Can't Stand for Dahlmann's Views On the Liquor Question.

Lincoln, Neb., Sept. 20.—In a statement in which he declares the crusade which he feels impelled to wage against the liquor interests of the Nation overshadows a personal and political friendship of twenty years, W. J. Bryan this evening announced he had bolted the head of the Democratic State ticket in Nebraska and would not support James C. Dahlmann for Governor. Mr. Bryan says he regrets that he is compelled to take the stand he does—his first departure from political regularity—but says he feels it his duty to do so because of the position taken by the Democratic nominee on the liquor question.

The statement, which in a way is apologetic to none, does not indicate that Mr. Bryan will support the candidate of any other party, but announces that he is a pronounced advocate of county option and the early saloon closing law, both of which he insists are menaced by Mr. Dahlmann's candidacy.

Bryan's Statement

The statement is as follows: "I am just leaving for Missouri and shall be absent practically all of the time for about a month, campaigning in Missouri, Kansas, Iowa, Indiana and Illinois. After that I shall be at liberty to speak for Mr. Hitchcock, the Democratic candidate for Congress, and the State ticket in Nebraska."

Position on Dahlmann

"In speaking for the State ticket, I shall not be able to present any arguments in favor of the election of Mr. Dahlmann. His position on the liquor question makes that impossible. I regret this exceedingly, for he has been a political and personal friend for twenty years, and it would give me pleasure to speak for him if I could endorse the policy for which he stands, but he has chosen to make the liquor question the paramount issue and makes his appeal on that issue."

Democratic Platform Demands

"In spite of the fact that the last December State convention voted down a declaration against county option by a vote of 638 to 202, he says that he will veto a county option bill, if passed, and in spite of the fact that the State convention endorsed the 8 o'clock closing law by a vote of 710 to 163, he announces that he will sign a bill repealing it if such a bill is passed. He is making his appeal on non-partisan lines, with the liquor question as the sole issue. His courage is to be commended. It

is an honest way of a campaign, although it compels him to separate himself from friends who do not agree with him, and to rely for support-making upon those Democrats and Republicans who take his view of the subject.

Issue Clearly Presented.

"Possibly, it is just as well to have the issue clearly presented, so that it may be settled this year, instead of two years hence. Troublesome as the question is now, it would be even more embarrassing if presented in 1912, when we have a Presidential election on hand. If Mr. Dahlmann is elected, it will be a declaration by the voters of the State against county option and against the 8 o'clock closing law."

"If he is defeated, it will be a declaration in favor of county option and in favor of the 8 o'clock closing law. In other words, the voters now have an opportunity to decide whether the State shall go backward or forward on the liquor question. To present arguments in favor of going backward would not only contradict what I have already said on the subject, but would embarrass me in the fight that I expect to make hereafter to save our party from the odium of being the representative of the liquor interests."

Miss Reta Harris and her friend, Miss Nettie Medor Kerfoot of Shawnee, left this morning for Nashville where they will attend Belmont college.

J. M. WINTERSMITH DECLINES OIL STOCK.

Conservative Treasurer of Cement Company Anxious for Oil and Gas Development but Would Not Become Entangled in Law Suit.

Mr. E. H. Lucas, Ada, Oklahoma.

Dear Sir: To avoid the embarrassments which will necessarily result from the defense of a legal action, the involvement of which the writer is now threatened in the event his efforts to secure oil or gas should terminate successfully, the writer hereby respectfully declines to accept the separate interests of the several stockholders intended to be conditionally conveyed and transferred by the several assignments in your hands as bailee or trustee.

That the various stockholders of the Ada Oil & Gas Company be not delayed or embarrassed in their future actions and corporate affairs, it is our belief that you should immediately restore the various assignments to the respective assignors without delay.

Complimenting you upon the very zealous public spirit you have always manifested in the matter, I am

Yours very truly,

LIFE.

A man comes into this world with-
out his consent and leaves it against
his will. During his stay on earth
his life is spent in one continuous
round of Contraries and Misunder-
standings. In his infancy he is an
"angel"; in his boyhood he is a
"devil"; in his manhood he is every-
thing from a lizard up; in his duties
he is a damn fool; if he raises a
family he is a "chump"; if he raises
a check he is a "thief"; and then the
law raises hell with him; if he is a
poor man, he is a poor manager and

has no sense; if he is rich he is dis-
honest but is considered smart; if
he is in politics, he is a "grafter and
a crook," if he is out of politics you
can't place him as he is an "unde-
sirable citizen"; if he goes to church
he is a "hypocrite"; if he stays away
from church he is a "sinner"; if he
donates to Foreign Missions "he does
it for show"; if he doesn't he is
"stingy" and a "tightwad"; when he
comes into the world everybody wants
to kiss him; before he goes out they
want to kick him; if he dies young
there was a great future before him;
if he lives to a ripe old age he is in
the way—only living to save funeral
expenses.

So life is a funny proposition after
all.—Ex.

VICTORY IN THE AIR.

The political trend is strongly to-
wards the democrats. As goes Maine,
so goes the union was the old cry,
and from the overwhelming victory
there a landslide may be confidently
looked for elsewhere in November.
Make the landslide as big as you
can. There are many dark republican
spots that need democratic light.
Democrats in the strong republican
states should work the harder now
that the tide is in their favor, for
their turn for victory will soon come
and every gain at the coming elec-
tion will help to greater gains in
1912.

The corrupt boss must go; and
the fraudulent votes must be pre-
vented, for that is what perpetuates
his power. Therefore, be up and do-
ing, democrats, and emulate the con-
stancy of your Maine brethren, who,
in spite of republican corruption,
have never failed to be constant and
true to the principles of the fathers
of the republic. They now have their
reward.

The day of Cannonism and Aldrich-
ism is fading into the twilight and
the night of oblivion is at hand for
them and their hke. Their occult po-
litical villainies have been exposed
in part, enough, at least, to merit the
condemnation of the voters whom
they have so long deceived.

But victory will bring its trials,
and the democratic leaders will need
the wisdom of the serpent and the
harmlessness of the dove to hold the
old democratic ship to her course so
that she may be the ark of safety for
all the people. Let every man do
his duty in the way that he honest-
ly sees it, and thus aid in the full
fruition of the great victory which
is evidently within the grasp of the
democracy.

WHY THE DELAY?

Sometime ago a committee was ap-
pointed by the council to look into
the matter of numbering the houses
of the town and marking the streets.
Nothing definite seems to have re-
sulted thus far. The News hopes to
see this matter taken up at once and
acted on favorably. Ada has reached
a point in size where it is often dif-
ficult to direct a person to a house,
whereas, with the streets marked
and houses numbered it would be
simplicity itself.

To many politicians with shady
records vindication means nothing
more than the degree of success at-
tending their efforts to pull the wool
over the eyes of the voters.

HIGH PRICES AGAIN.

Under a republican high protective
tariff, and with the republican party
in charge of every branch of the gov-
ernment, the average cost of living
advanced 1.4 per cent during August.
These figures are according to Brad-
street's index number of average com-
modity prices. The principal increases
were on live stock, provisions, oils,
fruits, naval stores and building
materials.

Will the Oklahoma Republicans
please insert in their campaign book
why it is that taxes are higher in
Logan county than in any other
county in Oklahoma. Every county
official in Logan county is a republi-
can. Will they please explain also
why taxes are higher in Guthrie than
in any other city in Oklahoma. Ev-
ery city official in Guthrie is a re-
publican. Will they please explain
why the county tax rate in Logan
county is forty-six mills on the dol-
lar, while the county tax rate in
Carter county is only twenty-eight
mills on the dollar. Every county of-
ficial in Carter county is a democrat,
Logan county is one of the oldest
counties in Oklahoma. Its roads were
opened, its bridges built, its public
buildings erected, and its improve-
ments made years ago. Carter is one
of the new counties of Oklahoma. It
is now opening its roads, building
its bridges, erecting its public build-
ings, and making its improvements.
Yet, notwithstanding all this, the
county tax rate in Carter county is
but little more than half what it is in
Logan county.

Verily this is an age of advertis-
ing. Until very recent years no one
ever thought of spending money to
tell the world of the opportunities in
an old settled part of the country.
However, it was found that this form
of advertising is as profitable as in
pushing private business enterprises
and now the money thus expended
reaches to the hundreds of thousands.
Dallas took the lead in this matter,
and in ten years its population in-
creased from 42,000 to 92,000. Okla-
homa city got even better results, and
other cities are now engaged in a
campaign of publicity that is bring-
ing in new industries and immigrants
by the score. The very fact that
money is being spent makes the peo-
ple boost harder. They want to see
returns and they do all in their power
to see that returns come in. They
always take on new life.

And now comes the proposition
from out about El Paso to divide
Texas into two states. Those people
claim that their interests are so dif-
ferent from those of the eastern part
of the state that they never get a
square deal. It is very probable that
the county seat fever that has caused
the creation of several counties in
Oklahoma, and the capital fever that
hit Oklahoma City and Shawnee, has
been carried to that part of Texas
by some wicked germ and that El
Paso is afflicted with a case of cap-
italitis. The people of Texas are too
proud of their big state to consent
to a division, although the act of
admission makes it possible to cut it
up into five states.

They are having some amusement
in Oklahoma City just now over the
plight of two clairvoyants who were
recently arrested. These fakirs pre-
tend to have the gift of second sight.
Natural obstructions and distance
are nothing to them, and they can
find out anything you want to know
while you wait. The joke is, how-
ever, that this gift of seeing things
failed them when two policemen
swooped down on their rooming
house and carried them away. They
did not see what was coming in time
to take to the tall timber.

For several years the tide of immi-
gration has been turned toward
Western Texas, and millions of dol-
lars of capital has gone into that
western belt. The drought of this year
has put another crimp into things
out there and now immigrants will
had elsewhere. This is the opportu-
nity of years for this section, so there
is no reason why thousands of new
settlers should not come in this fall.
All they need is a little encourage-
ment in the way of advertising. Pre-
sent the advantages we have to of-
fer them, and they will do the rest.

sional Committee has issued its Com-

PETE HANRATTY ELECTED MAYOR

McAlester, Okla., Sept. 20.—The
first election under a new charter
providing for commission form of
government was held here today. An
effort was made to keep the election
out of politics. Leading citizens nomi-
nated a ticket composed of Republi-
cans and Democrats. The Democrats
and Republicans each nominated
straight party tickets, the latter be-
ing withdrawn Saturday.

The Democrats elected their whole
ticket by majorities ranging from 69
to 115. Pete Hanratty, defeated candi-
date for Chief Mine Inspector, was
elected Mayor; H. F. Schreiner and
Wallace Bond, Commissioners.

Warning Against the Bad Eggs.

County Health Officer Dr. R. F.
King is sending out big placards
warning every groceryman in the
country against the keeping, selling
or offering for sale bad or tainted
eggs. Every egg must be candied, and
its condition determined before be-
ing offered for sale.

So if you happen to get hold of an
egg that does not suit your fancy
take it back to the groceryman and
get your money back; and if your
eggs do not agree with you pull him
for violating the pure food law.

NEW MEN JOIN STRIKERS.

Fifteen or twenty men were brought in from Oklahoma City this morning to work on the paving. The engine that runs the mixer was fired up with the expectation of starting at one o'clock, but by that time the strikers had prevailed on the new arrivals to join them and so the work is still up in the air.

Later—Just as we go to press J. C. Bergman, foreman of the construction work, informs us that the strike has been settled. The paving contractors granted the demand for the raise to \$2.00 per day, and the men signed an agreement to work at that price until the paving has been finished. This settlement comes as a great relief to the public in general, for the blocking of the streets is causing some dissatisfaction among the business men.

VANDIVER WANTS TO MEET RODDIE.

Ada, Okla., Sept. 21, 1910.

Reuben M. Roddie, Ada, Okla.

Dear Sir:

I have challenged you to meet me in discussion in Pontotoc and Seminole counties. You have refused. Your only reason for doing so is that you are afraid. You want to meet "somebody." I am your equal in every way. Educationally I am your superior. I double-dog-dare you to meet me.

You say you want to meet Clark, you could have done so at Seminole, but you found a convenient excuse to evade him. He was at Ada three days. You didn't show up. Now that he is busy elsewhere you say you will meet him. I don't believe you will meet

anybody. If you don't meet me you are a political coward and do not deserve the support of fair-minded democrats.

Very truly,

JAS. B. VANDIVER.

"TWO MEN IN ONE"

Subject for Tonight's Service at the Christian Church, Rev. Anderson Preaching Strong Sermons

The revival services at the Christian church have been progressing well this week with good music fairly good attendance and some exceptionally strong sermons by Rev. Anderson. The subject for tonight is "Two Men in One," and those who avail themselves of the opportunity to hear it will receive something of a gospel treat.

Last night Rev. Anderson delivered a very forceful and convincing sermon, the subject of which was, "Church of God on Earth."

This naturally fell in three divisions and was discussed under these heads: First, A United Church, developing the idea and truth that the church is on earth and that although the church is not triumphant, it is militant, always fighting onward and upward for God and humanity; that that Christ was ever as now the creed; and what the world needs is a united church here on earth. Secondly, A Militant Church; and being such it has always not only battled wrong and unrighteousness but also challenged evil in state and in home, in the individual and the community.

The last thought given the congregation was that Christ is preeminent as an object of faith; that God gave him preeminence in all things and expects us to give him our reverence and devotion.

Trouble for Swanson County

Lawton, Okla., Sept. 20.—County Attorney J. A. Fain filed in the District Court of Comanche County today a suit against the officers of Swanson County, in which he seeks to oust the officers, do away with the office and dissolve the county. He alleges in his petition that the county was not legally organized at the time of its creation nor since. He also alleges that the officers have been holding their places illegally by reason of the fact that the county was not properly and legally formed. The proclamation of the Governor creating the county of Swanson was issued on false affidavits, so the petition alleges.

It is claimed that 396 fraudulent votes were cast in the election held to vote on the proposition of creating the county and taking out those 396 votes the proposition will be defeated for lack of the required 60 percent majority.

Officers from Lawton will be sent to Snyder and Mountain Park with

necessary papers to serve on the defendants in the suit.

WOULD NOT FACE THE DEMOCRATIC MUSIC

J. N. Gilmore of Antlers, socialist candidate for congress was in the city yesterday afternoon made a short erratic speech on the street in the afternoon and adjourned to met Bob Roland in joint discussion at the court house at 8 p. m.

There was about 15 or 20 people assembled at the appointed time. Gilmore feigning to be disappointed at the small crowd and making it appear besides that he thought to debate with an ordinary Pontotoc attorney was below his dignity. He made a few desultory remarks in the interest of his candidacy, then he got down to book selling and finally walked off ignoring the democratic speaker.

It is hard to determine which disappointed Roland the worse, failing to get an opportunity to "skin" a socialist, or going to meet a would-be congressman who would not face the music and ignored him.

COAL MINERS RESUME WORK

Coalgate, Okla., Sept. 20.—All the mines of Coalgate and Lehigh coal region reopened today, and when they are in operation at full capacity 3,000 men will be employed. At Lehigh 225 men employed by the Western Coal and Mining Company returned to work. At Midway twenty-five men entered the Folsom Norris Company mine. Five hundred are employed at the mines of Missouri, Kansas and Texas Company and fifty at mine No. 5 of that company near Coalgate.

It is announced from Lehigh that 1,000 men are needed in the mines there and that number is needed at Coalgate.

Forty engineers and firemen of this region held a conference here tonight with Peter Stewart, president of the Mine Workers' Union of the Southwest district, and State Labor Commissioner Ryan of Kansas and discussed hours for work. The engineers contend that they are forced to work nine hours on an eight-hour schedule and eight hours pay, and they demand extra pay for the extra hour. That hour is required in lowering and raising men from the mines. No agreement had been reached early tonight.

TEN CASES OF WHISKEY

The indications are that the lid is on air tight in Ada. Ten cases of whiskey, so we are informed, was refused by the consignee this morning and returned to Freedman & Co. of Ft. Smith, Ark. It certainly looks droughly when the policemen watch the depots so closely that a little mite of only ten cases can't slip in.

AND THIS

makes it look still dryer: The big chief reports that he found where Andy Morris is said to keep his; and he has placed Andy under obligations to appear in police court Friday. All because there were four or five cases discovered under Andy's restaurant floor.

J. H. Lowery ("Shorty" the barber) returned this morning from a three week's visit to his old home in Illinois. He says Ada looks good to him.

2 PERFORMANCES ONLY 2
Rain or Shine

When the great Raymond Shows appear here on Friday, Sept. 23 for two performances, they will bring with them some of the best and most entertaining acts in circusdom, among whom "Diamond Mart" stands out in bold relief. "Diamond Mart" is the famous \$50,000 horse owned and worked by Prof. Hayes and this horse does everything but talk. Diamond Mart is a clean limbed bay horse scarcely three years old and the different tricks he does are wonderful and mystifying. Prof. Hays works Diamond Mart entirely different from any one else as he uses no cues or whip, but simply tells the horse what he wishes him to do and he does it. All that is lacking in Diamond Mart to make him as intelligent as the average human being is a price and if Mart improves as much this season as he has the past two seasons he will no doubt be as intelligent as anyone, as he now does such things as dress himself, undress and retire, play ball, pray, shoot a pistol and a lot more things too numerous to mention. In addition to Diamond Mart the great Raymond shows also will introduce "Nemo", the smallest pony in the world. Nemo is another educated animal and he does some very fine and interesting things. In addition to all of the trained animals one will also find aerialists, acrobats, wire walkers, clowns, trained monkeys and trained dogs. The Great Raymond Shows are known as one of the greatest educational exhibitions in the world as they are both interesting and instructive. Remember the day and date, Friday, Sept. 23. And also that a grand free exhibition will be given on the show grounds at 7 o'clock.

Miss Edna Jones a niece of Geo. Collins, whom he had been expecting for the past three days arrived from the east yesterday afternoon.
